TITLE	Campus Profiles: Descriptions of Indiana's Public Postsecondary Campuses.
INSTITUTION	Indiana State Commission for Higher Education, Indianapolis.
PUB DATE	1998-02-00
NOTE	41p.
AVAILABLE FROM	Web site: http://www.che.state.in.us/Public/Documents
PUB TYPE	Reports - Descriptive (141)
EDRS PRICE	MF01/PC02 Plus Postage.
DESCRIPTORS	Academic Persistence; College Freshmen; Degrees (Academic); Ethnic Groups; Financial Aid Applicants; Higher Education; *State Colleges; *State Universities
IDENTIFIERS	*Indiana

ABSTRACT

This report includes descriptions of the following Indiana public institutions: Indiana University, Purdue University, Ball State University, Indiana State University, University of Southern Indiana, Vincennes University, and Ivy Tech State College. For each institution, the following information is available: mission, enrollment breakdown, cost and financial aid data, freshman profile, retention and graduation rates, largest program areas, productivity profile, and quality indictors such as Gourman ratings, mean GRE scores, licensure pass rates, and nationally ranked/accredited programs. Data about the overall higher education system in Indiana are also presented, including the following: (1) there are 5 public, four-year institutions; 2 public, two-year colleges; 30 private, four-year institutions; and 2 private, two-year colleges; (2) there were 260,695 students enrolled in Indiana higher education, 78% of whom attend a public college or university; (3) minorities comprise 11.5% of the enrollment at the public colleges and universities; (4) the state appropriation for higher education in Indiana was $1.25 billion for the academic year 1997-98; and (5) the average in-state tuition and fees for 1997-98 ranged from $2,057 at the public two-year colleges to $14,387 at the private four-year colleges and universities. FOREWORD

Indiana Campus Profiles is a single-source compilation of data on Indiana's public colleges and universities. Located in the document are the latest statistics on enrollment, tuition and financial aid, retention and graduation rates, student/faculty ratios, instructional expenditures, quality indicators, and profiles of entering freshman.

This publication provides timely data concerning higher education in Indiana and reports data frequently requested by members of the Commission, staffs of colleges and universities, the legislature, state government officials, and the general public.

The Indiana Commission for Higher Education staff appreciates the assistance of university representatives in the data collection process.

INDIANA COMMISSION FOR HIGHER EDUCATION

COMMISSION MEMBERS

Stephen Ferguson, *Chair*	At Large Member
Dr. Arthur Hansen, *Vice Chair*	6th Congressional District
Dr. Daisy Lloyd, *Secretary*	10th Congressional District
Karl Bandemer	4th Congressional District
Fredrick T. Bauer	7th Congressional District
Dr. David Chube	1st Congressional District
John R. Garry, Jr.	9th Congressional District
Gwendolyn Lee-Thomas	Student Representative
Cheryl L. Little	3rd Congressional District
Vito Iovino	5th Congressional District
Nancy Ralston	At Large Member
Dr. William Rowe	Faculty Representative
Tracy Souza	2nd Congressional District
Daniel Tuley	8th Congressional District

The Commission consists of twelve lay citizens who are each appointed by the Governor for terms of four years. Each Congressional district must be represented and no member, while serving his or her term, may be an employee of or serve on the governing board of any educational institution in the State of Indiana. Furthermore, members may not be employees or officials of the State of Indiana or any political subdivision thereof. In addition, the 1990 legislature added a student and a faculty representative who are appointed by the Governor for terms of two years. The Commission meets in public session approximately ten times a year, often over a two-day period.

COMMISSION STAFF

Stanley G. Jones	Commissioner
H. Kent Weldon	Deputy Commissioner
Margaret Cronin	Secretary for Federal Programs
Jean Dugan	Secretary for Policy and Planning Studies
Dianne Madison	Executive Secretary
Yevgeniya Malyovanny	Receptionist/Secretary
Cheryl Orr	Communications Consultant
Rosemary Price	Secretary for Research and Academic Affairs
Dr. Karen Rasmussen	Associate Commissioner for Policy and Planning Studies
Dr. Robert Ruble	Associate Commissioner for Facilities and Financial Affairs
Dr. Kenneth Sauer	Associate Commissioner for Research and Academic Affairs
David R. Scholz	Manager of Information Systems
Stacey Valentine	Information Coordinator
Jeff Weber	Manager of Information Research

INDIANA COMMISSION FOR HIGHER EDUCATION - HISTORY

Created in 1971 by an act of the General Assembly and signed into law by then Governor Edgar Whitcomb, the Commission is now in its third decade of service to the State of Indiana.

PURPOSES

The general purposes assigned by law to the Commission are:

(1) to plan and to coordinate Indiana's state-supported system of post-high school education, taking into account the plans and interests of independent colleges and universities;
(2) to define the educational missions of public colleges and universities;
(3) to review both operating budget and capital budget appropriation requests from public institutions;
(4) to approve or disapprove for public institutions the establishment of any new branches, campuses, extension centers, colleges or schools;
(5) to approve or disapprove for public institutions the offering of any additional associate, baccalaureate or graduate degree, or certificate program of two semesters or more in duration;
(6) to review all programs of public institutions and make recommendations to the governing board of the institution, the Governor, and the General Assembly concerning the funding and the disposition of these programs; and,
(7) to review the budget requests of the State Student Assistance Commission.

PRIMARY CONSTITUENCIES

The primary constituencies of the Commission are: *The Offices of the Governor and Lieutenant Governor, The General Assembly, including individual members, with special reference to education and money committees, legislative leaders, and Legislative Services, and State Fiscal Authorities, including the State Budget Agency and the State Budget Committee.*

RELATIONSHIPS

The Commission is a coordinating agency, not a governing board. By law, the Commission has no powers or authority relating to the management or operation of Indiana's public or independent colleges and universities. These responsibilities remain exclusively vested in institutional governing boards.

Since its inception, the Commission has worked closely with Indiana's public and independent colleges. Without the ongoing substantive and substantial assistance and cooperation provided by Indiana's colleges and universities, the Commission would be unable to fulfill its statutory responsibilities.

There are strong working relationships between the Commission and the following agencies: *Independent Colleges of Indiana, the Indiana Commission on Proprietary Education, the Department of Workforce Development, the Department of Education and the State Student Assistance Commission.*

Indiana University-Bloomington

January, 1998

Mission: Graduate/Research university offering broad range of undergraduate and graduate, including doctoral, programs. Provides 225 graduate and professional programs with special emphasis on the arts and sciences, and performing arts.

Enrollment (1996-97)

43,910 Students (32,849 FTE)
77% Undergraduate
23% Graduate/Professional
61% Full-Time
64% From Indiana
54% Women, 46% Men
3.8% African American

7,509 Degrees Conferred
- 3% Certificate and Associate
- 65% Baccalaureate
- 32% Graduate and Professional

Cost/Financial Aid (1997-98/1995-96)

$3,929 Resident UG Tuition/Fees
$4,840 Room and Board

37% FT undergraduates receiving grants
- $3,446 Average grant (all sources)

34% FT undergraduates receiving loans
- $4,653 Average loan (all sources)

Freshman Profile (Fall 1996 and 1996-97)

76% from top quarter of HS class
96% from top half of HS class
1% over 25 years old
14% receiving Pell grants
17,372 applied, 13,870 accepted, 5,751 entered
Mean SAT: 475 Verbal, 539 Math

Retention/Graduation Rates (Fall 90 freshmen)

85% of freshmen (85% if full-time, 55% if part-time) return to Bloomington for 2nd year
5% of freshmen transfer to other campuses

Sources of Campus Profile Data

1. **Missions:** *Mission Statements for Indiana's Public Postsecondary Campuses*, Feb 1994.

2. **Enrollment:** Student Information System (SIS), 1996-97 annualized (fall, spring, summer) data. Full-time enrollment = 30 credit hours over twelve month period.

3. **Cost/Financial Aid:** Tuition/fees are from *Postsecondary Education Tuition/Fee Rates in Indiana; An Update*, July 29, 1997. Room and Board costs are from *Student Residence Hall Room and Board Rates: 1987-88 through 1997-98*, published September 12, 1997. Data on undergraduate financial aid is from 1995-96 SIS. For this analysis a "full-time undergraduate" is one who in 1995-96 enrolled for 12 or more hours in each semester.

4. **Freshman Profile:** Percents from top quarter and top half of high school class are provided by the institutions. "Percent 25 years and older" and "Percent receiving Pell grants" come from 1996-97 SIS. Data on number of applications, acceptances and enrollments, and SAT scores, are from *1996-97 ICPAC Guide to Indiana Colleges, Universities, and Other Educational Institutions*, except as updated by the institutions.

5. **Retention/Graduation Rates:** *Report on Degree Completion and Persistence in Indiana Public Postsecondary Education, 1990 Entering Freshmen*, August 28, 1997, and related tables. Fall 1990 beginning freshmen were tracked annually through 1995-96. The *retention* cohort includes all Fall 1990 freshmen having degree objectives and counts returning in 1991-92 in any term as retention. The *graduation* cohort includes only freshmen seeking specific degrees; the graduation rate includes students who transferred to other campuses. Data are shown only for sets of 30 or more students.

6. **Largest Program Areas:** SIS data, 1996-97, CCHARS reports.

7. **Productivity Profiles:** Data are from institutions' 1997-99 budget request schedules and from the 1995-96 Integrated Postsecondary Education Data System (IPEDS) *Finance Survey* conducted by the National Center for Education Statistics. "Instructional cost as % of total expenditure" is taken from the IPEDS survey, Section I:B, Current Funds Expenditures by Function, lines 1 and 12. "Instructional cost plus academic support as % of total" adds line 4. Instructional expenditure per student FTE uses line 12 and 1995-96 SIS. Revenues are taken from Section I.A, Current Funds Revenues by Source. All IPEDS-based calculations refer only to unrestricted funds. Faculty and staff data are from Expenditures II-A and II-B of the institutions' budget requests. In lines 1 and 3 of the profiles, full-time faculty FTE includes only faculty paid from unrestricted funds. In line 4, full-time faculty FTE includes both unrestricted and restricted faculty. Staff numbers consistently include both restricted and unrestricted employees.

8. **Quality Indicators:** Nationally ranked programs are rated at or above 4.40 in *The Gourman Report. A Rating of [Undergraduate/Graduate and Professional] Programs in American and International Universities*, Ninth Edition, Revised. Gourman ratings of the four-year campuses refer to undergraduate programs overall and come from the same source. Graduate Record Examination (GRE) scores are as reported by Educational Testing Service. Lists of nationally accredited programs are as reported in the *1996 Higher Education Directory*, supplemented by institutional information. Licensure pass rates are from *Campus Productivity Profiles*, November 29, 1994, except as updated by the institutions.
